

# BREWED FOR ADVENTURE

*Grand Marais, Minnesota*

## DEVIL'S KETTLE

*India Pale Ale*

At the crest of the falls one side of the Brule River tumbles toward Lake Superior while the other mysteriously vanishes into the Devil's Kettle, puzzling hikers and geologists alike. Our IPA tends to disappear just as quickly. The fine mist from the falls is almost as refreshing as the taste of our fruity and flavorful IPA.

**HOPS:** Amarillo, Mosaic, Columbus

**FLAVOR:** peach, apricot, mixed berry, grapefruit

## PALISADE

*Porter*

The rugged stone outcroppings that frame the region provide endless opportunities for jaw dropping vistas, multi-pitch rappels or downhill ski runs come winter. They are also the rock-solid inspiration behind our malty, but not sweet, snappy but not bitter porter that finishes with notes of chocolate and coffee.

**5.3% ABV- 35 IBU**

**HOPS:** Northern Brewer, East Kent Goldings

**FLAVOR:** coffee, caramel, dark chocolate, roast malt

## TRAILBREAKER

*Belgian Wheat*

It's never easy going first. We're grateful for those who have gone before us, marking the way to our favorite places in Cook County. This cheer is for them, and anybody breaking their own trails. Our Trailbreaker Belgian Wheat is also a discovery of fruity flavors, orange and coriander that combine to create an effervescent and exotic beer.

**HOPS:** Hersbrucker

**FLAVOR:** orange, coriander, fruity

## BOUNDARY WATERS BRUNETTE

*Brown Ale*

The silky water broken only by your paddle. The changeable skies, the endless pine and birch, fresh wolf prints on the shoreline, and oh yes, the portages. This classic brew makes every shoulder cramping canoe-carrying step worth it. Made with Minnesota grown wild rice that balances the slightly malty sweetness and gives it a unique, nutty flavor.

**4.3% ABV- 25 IBU**

**HOPS:** East Kent Goldings

**FLAVOR:** toasty, biscuit, slight caramel
